

Now PSP Clients Can Get Big Quality in Narrow Formats

Our Narrow Format Superstar: Konica 1085

We are pleased to be able to offer our existing clients an ideal pathway to affordable **short run format signage**. With unmatched performance, high image quality and stability, the Konica 1085 offers everything required to meet your category, wayfinding, and pricing signage needs. The Konica 1085 provides extensive configuration options up to 13x19, including full bleed, doublesided printing, and G7 full color calibration. And it finishes like a champ: inline collating, punching, and stapling are automatic, for better results – *faster*.

Konica C1085

Our Narrow Format Superstar: Konica 1085

Konica 1085 Benefits

- Performs small lot orders and variable data printing jobs with tight deadlines faster
- Enhanced conveyance reliability no matter the thickness
- Maintains stable, high image quality demanded for high-volume printing
- Input paper capacity of more than 13,000 sheets
- Automatic booklet making, auto ring binding, perfect binding, hole punching, GBC punching, as well as 6 types of folding and stapling

Get the same great quality you've come to expect from PSP Large Format in a single source, for materials up to 350 grams/meter and 12.8" in length, in paper stock of such high quality that no lamination is needed. And because we understand the challenges of In-Store execution, we add clear direction between each set of signage to reduce errors and improve execution.
